

# DOWNPIPE BRACKET SQUARE M 10

A white, square-shaped metal bracket with four mounting holes, one on each side, and a small circular logo on the bottom right corner. The bracket is shown from a perspective view, highlighting its L-shaped profile and the mounting points. The mounting holes are located on the outer corners of the square frame. The logo on the bottom right corner is a small circular emblem with a stylized design inside. The bracket appears to be made of a polished metal, possibly stainless steel or aluminum, and is designed for secure mounting of a device.
