

TECHNICAL SHEET

MULTI BAND

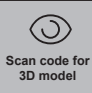

Universal single-sided PE tape reinforced with polyester fibre and special adhesive based on acrylic dispersion. It is generally used in the construction industry, especially for bonding and repairing foils and roof membranes made of plastic and their bonding with wooden and metal elements. It is also used for bonding other construction products based on plastics.

Technical parameter	
Tape dimensions (W x H x D)	60 mm x 0,30 - 0,33 mm x 25 l.m.
Adhesive weight	230 g/m²
Resistance against tearing	≥ 40 N/25 mm
Elongation	≥ 25 N/25 mm, 100 %
Temperature when in use	from -5 °C
Temperature resistance	-40 °C up to +80 °C
UV radiation resistance	resistant
Weight	0,568 kg
