

TECHNICAL SHEET

STAPLING HAMMER

A well-balanced stapling hammer made of Swedish steel. **Internal magazine for 168 clips 10 mm.** The stapling hammer of the type **R11** is designed for professional, long-term use. It is reliable, durable and made of Swedish steel. The body and handle are balanced so that the strike is guided more by moving the wrist than by raising the hand. Even longer work is effortless and pleasant with this hammer.

The handle fits well in the hand and does not slip. At a weight of 1 kg, the swings of the wrist give a strike which flawlessly hits the staples 10 mm long.

APPLICATION:

Technical parameters
