

RIDGE VENT UNI I=1,22 m

A black, curved, perforated metal component, likely a part of a mechanical assembly, shown against a white background. The component has a wide, flat top surface that tapers down to a narrower base. The base features a series of vertical slots or perforations. The overall shape is symmetrical and suggests it might be a part of a larger machine or structure.

FALZ-W.15HREVET

Aluminium prepainted W.15 – Intense black W.15 – RAL 9005
